RICHMOND BY-LAWS.

A BY-LAW

To provide for dyking the eastern part of Lulu Island, of the Township of Richmond, and for borrowing, on the credit of the Municipality, the sum of \$1,737.65 for completing the same.

(Provisionally adopted the 20th day of August, A.D. 1904.)

WHEREAS a certain dyking and drainage scheme was carried out in the eastern portion of Lulu Island under the Lulu Island Local Improvement By-Law, 1891, as amended by the Lulu Island Local Improvement By-Law, 1891, Amendment By-Law No. 1:

And whereas a certain portion of said dyke and the flood-box in the canal at No. 6 Road have been carried away and require to be re-executed:

And whereas a majority in number and value of the owners as shown by the last revised Assessment Roll of the property hereinafter set forth to be benefited by the dyking and drainage have petitioned the Council of the said Township of Richmond that the flood-box at the mouth of the canal at No. 6 Road be replaced at such location as the Council may deem best, and that a new dyke be built from said box easterly along the Fraser River:

And whereas thereupon the said Council procured an examination to be made by Henry B. Warren, C. E., P. L. S., being a person competent for such purposes, of the said locality proposed to be dyked and drained and has also procured plans and estimates of the work to be made by the said Henry B. Warren, C. E., P. L. S., and an assessment to be made by him of the land to be benefited by such dyking and drainage, stating as nearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such dyking and drainage by every lot or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in the behalf specially set forth and described, and the report of the said Henry B. Warren, C. E., P. L. S., in respect thereof, and of the said dyking and drainage, being in part as follows:—

"Owing to the bank of the Fraser River caving in along the frontage of Sections 33 and 34, Block 4 North, Range 5 West, and washing out the original

dyke and the flood-box at junction of No. 9 and No. 6 Roads being undermined and useless, it would be necessary to change the location of this box to the site marked on the plan near the mouth of slough running through fractional Section 4, Block 3 North, Range 5 West, and construct a dyke from the intersection of Blair's dyke with No. 6 Road to the eastern boundary of Section 33, Block 4, New Westminster, at a distance of two chains back from the present bank of river":

And the said report further sets out the estimate of the cost of said work and the benefit to the lots and portions of lots by such dyking and drainage and the proportion to be assessed and levied in said lots or portions of lots for the carrying out of such work as hereinafter set out:

And whereas the said Council is of the opinion that the dyking and drainage of the locality described is desirable:

Be it therefore enacted by the said Municipality Council of the said Township of Richmond, pursuant to the provisions of the said Municipal Clauses Act and Amendments thereto:—

1st. That the said report, plans and estimates be adopted and the said dyking and drainage and the works connected therewith be made and constructed in accordance therewith.

2nd. That the Reeve of the said Township may borrow, on the credit of the Corporation of said Township of Richmond, the sum of \$1,737.65, being the funds necessary for the work, and may issue debentures of the Corporation to that amount in sums of not less than one hundred dollars each, payable within three years from the date thereof, with interest at the rate of six per cent. per annum, that is to say, the principal sum in three years from the date of said debentures and interest yearly on the 1st day of November, such debentures to be payable at the Bank of British North America in the City of Vancouver, and to have attached to them coupons for the payment of interest.

3rd. That for the purpose of paying the said sum of \$1,737.65, being the amount charged against the said lands so to be benefited as aforesaid, other than the lands belonging to the Municipality, and to cover interest thereon for three years at the rate of six per cent. per annum, the following special rates over and above all other rates shall be assessed and levied upon the under-mentioned lots and parts of lots, and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot, respectively, shall be divided into three equal parts, and one such part shall be assessed and levied as aforesaid in each year for three years after the final passing of this by-law during which the said debentures have to run:
